Tableaux Musique

Tableaux Musique is a journey weaved between dream and reality. Two curious characters invite us to visit their memories from the great outdoors through sounds and images. Thanks to the music, songs and series of sounds, they invite us to discover the desert and its festive caravans, the weightlessness of space, the spongy and slippery seabed, the chant of the insects in the forest and the radiant joy that comes with the first snow. A unique journey of the senses, within and outside the world.

Tableaux Musique is a performance between music and puppets theatre. Thanks to a large range of instruments Marie-Noëlle Choquette and Mélanie Cullin help children from 18 months to 5 years old discover a universe of keen sensitivity, filled with liberty, joy and poetry.
